 **IMPORTANT ACCOUNT INFORMATION**

The following provisions are being added to the Business Account Agreement and the Selected Terms and Conditions for Wells Fargo Business Debit Cards, Business ATM Cards and Business Deposit Cards (each, an "Agreement") to clarify the use of a Business Debit Card through a mobile device.

Using your Business Debit Card through a Mobile Device

If you make Card transactions through a Mobile Device using a Business Debit Card, the terms of the Agreement apply with the same effect and coverage, including (i) any limitations the Bank places on the frequency or dollar amount of your Card transactions; and (ii) your rights and responsibilities for unauthorized transactions.

As used in this Agreement, "Mobile Device" means a smartphone, tablet, or any other hand held or wearable communication device that allows you to electronically store or electronically present your Card or Card number ("Electronic Card Information") and use that Electronic Card Information to make Card transactions.

If you use your Card through a Mobile Device, you should secure the Mobile Device the same as you would your cash, checks, credit cards, and other valuable information. The Bank encourages you to password protect or lock your Mobile Device to help prevent an unauthorized person from using it. Please notify the Bank promptly if your Mobile Device containing Electronic Card Information is lost or stolen. You may contact the Bank's National Business Banking Center at the number listed on the statement for reporting a lost or stolen Card (1-800-225-5935). Please note that your mobile carrier may charge you message and data rates, or other fees, when you use your Card through a Mobile Device.

Card transactions made through a Mobile Device may involve the electronic transmission of your Card information across wireless and computer networks. Third parties, such as merchants, card association networks, mobile carriers, mobile wallet operators, mobile device manufacturers, and software application providers may use and receive Electronic Card Information in connection with your Card transaction. Third parties may also receive information about your Mobile Device when you use it to make a Card transaction. When you use your Card through a Mobile Device, information about your Mobile Device may be transmitted to the Bank.

The Bank may, at any time, partially or fully restrict your ability to make Card transactions through a Mobile Device. If you want to remove Electronic Card Information from your Mobile Device, please contact the Bank at 1-800-225-5935.

If you have enrolled in an overdraft protection plan, the terms of that plan will apply to Card transactions made through a Mobile Device. If there are insufficient available funds under the plan to cover the amount of the overdraft, or if you do not have an overdraft protection plan, a Card transaction made through a Mobile Device will be considered to be a one-time debit card transaction. Overdraft fees will apply as provided for in the Agreement and the Business Account Fee and Information Schedule.

Excess Activity in a Savings Account

Regulation D and the Bank limit certain types of withdrawals and transfers from each savings or money market account to a combined total of six (6) per monthly statement period (exceptions to the statement period may apply). The limited items include all transfers and payments through Online Banking (including Mobile and Text Banking) or the telephone (automated and banker-assisted); pre-authorized transfers and withdrawals (including recurring and one time); checks and debit or ATM card purchases; transfers for Overdraft Protection; transfers and payments to Wells Fargo credit cards, lines of credit, and loans; and all wires (whether in person, on the telephone or online).

Except for wire transfers, there are no limits on withdrawals or transfers made in person, at an ATM or Wells Fargo banking location or any types of deposits.

An excess activity fee of \$15 is assessed for transactions exceeding the limit and accounts that exceed the limit on more than an occasional basis will be converted to a checking account (or closed). If the withdrawal and transfer limit is reached, we may decline transfers and withdrawals for the remainder of the monthly statement period (exceptions to the statement period may apply) to help you avoid a fee and account conversion or closure.

For additional information, see your Account Agreement, talk with a local banker, or call the number on the top of your statement.

We want to let you know that effective November 10, 2014, we are changing the time when we charge your account for Coin Orders and Currency Orders. As a result of this change, your account could be charged on November 10th for activity in October and again later in the month for activity in November.

As a reminder, there is no fee for the first 15 rolls of coin ordered per month, with a fee of \$0.15 for each additional roll. There is no fee for the first \$1,000 of currency ordered per month, with a fee of \$0.13 for each additional \$100 ordered.
